Thanks. So only one set of comments, received in November, from the Shoshone-Bannock? Nothing in December? We have received two sets from the State and Nez Perce, a first set of comments from both in November and a second set of comments from both in December. The email attached below looks like just the November comments from all parties.

Thanks again.

Hi Hannah, could you send the Shoshone-Bannock comments? I haven't seen those yet.

Thanks,  
Nick

The Shoshone Bannock did not request a meeting with EPA to go over their comments. Only Nez Perce has reached out.

Shanita is reaching out to both tribes to set up a meeting next week. So far neither tribe has responded to the request to set up a meeting.

We will keep you posted if they schedule.

Thanks,

Hi Phil and Hannah,

Since we are circulating a response to the Nez Perce letter regarding the Stibnite ASAOC/SOW, I was just checking as to whether we received a similar letter from the Shoshone Bannock Tribe and did respond to it?
